Our firm's scalable suite of easy-to-use payroll, HR and benefits solutions can help address the unique needs of your business, so you can stay focused on your goals.

Our Payroll & HR Solutions Can Help You:

Make it easier to pay employees

- Securely manage your payroll anywhere, anytime with mobile payroll solutions
- 24/7 live support from payroll specialists to help ensure accuracy with every payroll
- Provide flexible payment options to your employees: direct deposit, paper checks or pay card

Gain better control of your cash

- Get better visibility into your cash with reporting and payroll liability previews
- Access seamless general ledger integration with popular accounting software
- Improve your cash flow predictability and eliminate the risk of large upfront premium deposits when you use a premium payment program for workers' compensation insurance

Effectively manage and retain your people

- Access live HR support, best practices, and cutting-edge technology to efficiently manage your day-to-day responsibilities
- Offer attractive optional benefits such as retirement plans and group health insurance

Reduce your compliance risk

- Automated federal, state and local payroll tax management for greater accuracy no matter where you do business
- Leverage a dedicated HR portal that places critical information in your hands, an easy-to-use wizard for creating and updating your employee handbook, job descriptions and alerts on legislative changes
- Versatile time tracking and scheduling solutions to help enhance payroll accuracy and improve compliance
